Detectives Released Video of Home Burglary

Detectives have released a video of two suspects in a residential burglary which occurred on March 18th, 2013 at about 8:38 pm at a home located in the 2800 block of 28th Street North in St. Petersburg.

The surveillance video captured images of the suspects as they started to break into the house via a rear window. After about 20 minutes the they apparently discover the surveillance camera and one suspect attempted to break it with a crowbar. During the process an image of his face is captured (see attached photo).

The edited video can be viewed at http://youtu.be/Usyv5Zp4560

Entry was eventually made into the home, but no property was taken. There had been another burglary to the home in February which had prompted the homeowner to install the surveillance system used in this case. No property was taken during either incident.

St. Petersburg Police are asking for the public’s assistance in identifying the suspects in this case. Anyone with information should call our non-emergency number at 727-893-7780, Text-A-Tip to 727-420-8911 or leave a confidential tip at 727-892-5000.
