Fat Boys Deli ruled Nuisance

update to case from July 1:

The St. Petersburg Nuisance Abatement Board found the property of Fat Boys Deli, 2680 5th Ave. S, to be an unlawful nuisance. (You may recall Vice and Narcotics served a search warrant at Fat Boys Deli, on July 1st, and several media outlets were there to record it.)

The Board placed a number of sanctions on the property that the landlord must comply with through September, 2016. The landlord was cooperative and agreed to the terms.
Some of these include:

-professional background checks on employees and none is to have a narcotics-related conviction.

-must comply with state and local ordinances for Convenience Store Safety requirements, to include such things as a security camera system, window signage that provides a clear view inside, height markers at the entrance, a drop safe, etc.

-a representative of the business must attend quarterly Palmetto Park Neighborhood Assn. meetings.

-proactively monitor the property and ask anyone loitering or engaged in illegal activity to leave the premises.
