4 year old Boy Fires Gun

At 5:15pm, police were called to a home at 1742 Yale St. S. after a 4 year old boy found a gun and fired a shot. The boy had been outside playing with a cat, when the cat ran under the house. The boy followed it and found a gun in the crawl space under the home. He took it onto the porch and fired one round into the ground.

No one was hurt.

The grandmother and mother called police. They do not own the gun. The weapon was an unregistered revolver with several rounds in it. Investigators believe someone may have discarded or hidden the gun under the home.
