UPDATE: Unidentified Girl Found Wandering Has Been Identified

The girl that was taken to Bayfront Health St. Petersburg Hospital earlier who was confused and lost, and did not know her name or where she lived, has been identified. She is 17 years old and was living with her father in St. Petersburg. Her mother saw our Facebook post and contacted us with her identity. Her father is en route to the hospital.

There is no further information that will be released at this time.

Unidentified Girl Found Wandering

Today, April 25, 2017, at 11:26 a.m., a girl was found wandering around the area of 45th Avenue North and 3rd Street in St. Petersburg. She was confused and lost. She did not know her name or where she lived. The girl was taken to Bayfront Health St. Petersburg Hospital to be medically evaluated.

We believe her to be anywhere from sixteen years of age to possibly being in her early twenties. She was wearing a white tank top with a long black skirt and white slip-on canvas shoes. She has brown eyes, light brown hair, a medium skin tone and a mole under her right eye. She has a small circular tattoo on her right stomach area below the belt line.

We are asking for anyone who knows the identity of this girl, or where she might live, to contact the St. Petersburg Police Department at 727-893-7780.

Attached is a current photo of the unidentified girl and a picture of her tattoo.

Report number 2017-019783.
