### **Double Death Investigation**

St. Petersburg Police are investigating the deaths of a man and a woman found dead inside their apartment at The Vibe at Gateway apartment complex, 503 77th Avenue North, #204.

At 9:30 a.m., a friend asked police to do a "check welfare" on the man who lives in the apartment because he had not been in touch for a couple of days.

When police arrived, they found the bodies of the man and woman who lived there. The cause of death is still under investigation.

There was no sign of forced entry.

The man is identified as Justin Page, DOB 2-1-81.

We aren't releasing the identity of the woman because we haven't completed her next of kin notification.

This remains an active investigation. Case #2018-024768
