Shooting Death Investigation

Officers responded to a call of shots fired in the parking lot of the Member's Only Club, 1536 16th Street South, at approximately 4:30 a.m.

As officers were arriving, we were notified that a victim, a man who appeared to be in his 20's, had already been driven to the hospital. He died shortly after arriving at Bayfront Health. We are still working to confirm his identity and notify next of kin.

Detectives are interviewing the people who drove him there, as well as people at the club. It is still early in the investigation and I have no additional details. I will send an update later this morning as more information becomes available.

Case 2018-022879
